VIRTUAL KAIZEN EVENT FACILITATION

IT IS TIME TO ADDRESS THOSE PROCESS IMPROVEMENT OPPORTUNITIES

If you are like most organizations, COVID-19 has exposed a plethora of process improvement opportunities that need to be addressed. We can help you address those process issues with our virtual kaizen event facilitation.

My mentor, quality guru, Joseph Juran, said in 1989 that “all improvement happens project by project and in no other way.” That concept is still relevant in 2021 and is applicable to the kaizen framework.

Are you struggling with prioritizing issues to address through process improvement projects? Our approach to kaizen events is designed to help you prioritize the kaizen projects and enhance the effectiveness of continuous process improvement.

We will help you plan the event, train your team, and make sure they implement the improvement ideas and monitor results.

2021 Virtual Kaizen Event Fees

<i>Event Duration</i>	<i>Your Investment</i>
